

List of tasks the Geophysical Division has performed over time

Numerical order	Year of submission of archives	Report name	Author, Editor
<i>1</i>	<i>2</i>	<i>3</i>	<i>4</i>
1	1963	Report on the results of gravity measurement (1961-1963) of the delegation 36 (in Russian).	Evstei N, V. Vlasova I. I
2	1967	Geophysical synthesis of coal search by method Electricity remains constant in Thai Nguyen area	Nguyen Ba Vinh
3	1974	Geophysical report on coal search Tuyen Quang Thai Original	Tran Anh Thu
4	1971	Geophysical report of electric depth measurement at Lang Cam coal mine - Dai Tu - Northern Thai	Ngo Van Long
5	1979	Summary report on magnetic, electrical and gravity geophysical work the aviation anomaly inspection force in Phu Xuyen region Ha Tay province	Nguyen Trong Hiep and Nguyen Van Phung
6	1962- 1967	Regional gravimetric report on scale 1:500,000 Democratic Republic of Vietnam	Nguyen Hiep and Grơ-ma A.M
7	1979	Summary report on geophysics, power and gravity make a geological map at scale 1: 100,000 of the eastern area Dong Trieu - Quang Ninh	Pham Khanh Hoi
8	1973	Geophysics report: Checking for anomalies from aviation in Chuong My Ha Tay area	Nguyen Trong Hiep
9	1975	Summary report on magnetic, electrical and geological geophysics in the North of Trang Bo Chu mine - Ha Bac - Bac Thai	Quach Van Chu
10	1973	Report from the normal school in the North of Vietnam	Le Minh Triet
11	1974	Report on the results of checking the anomalous nature from the aircraft by magnetic, electrical and geological methods in Ngan Son-Bac Thai region	Quach Van Chu
12	1975	Report on experimental results of some key research routes of Trang Bach-Quang Ninh coal mine	Nguyen Trong Hiep
13	1977	Some problems of applying statistical probability to analyze geophysical documents	Pham Kim Tuyen
14	1977	Announcement on research applying information probability theory	Pham Kim Tuyen
15	1977	Mathematical methods in editing word documents, gravity	Nguyen Tan Thien

16	1977	Announcement of Bayest algorithm application results	Pham Kim Tuyen
17	1976	Report on research results on methods of analyzing Carota documents by electronic computer	Nguyen Ba Chuong
18	1976	Report on test results of DBD-1 and TBF-10 machines in Sinh Quyen - Lao Cai, Giap Lai - Vinh Phu areas	Nguyen Duc Trach
19	1977	Announcement of test results of potential ratio meter at Giap Lai-Vinh Phu	Dao Trong Hau
20		Some results using alternating current to determine apparent resistivity at the time of interrupting the charging current $T=0$ at Sinh Quyen-Bat Xat-Lao Cai copper mine	Dao Trong Hau
21	1976	Research report on induction method and Zemlia machine testing in Sinh Quyen-Bat Xat-Lao Cai copper mines	Nguyen Xuan Ngoan
22		Report on testing results of DCT-1 machine at Sinh Quyen Bat Xat copper mine in Lao Cai	Nguyen Xuan Ngoan
23	1976	Report on Carota measurement results in Cho Don Bac Thai area	Chu Cap Tung
24	1976	Summary report on Carota work in the Khuon Phai area, Son Duong - Tuyen Quang	Tran Huu Cu
25	1976	Report on Carota measurement results in Mau A - Yen Thai - Yen Bai region	Chu Cap Tung
26	1976	Measuring Carota Division 6 in the Hoa Binh-Chile-Hoa Binh region	Nguyen Nam Chung, Le Van Ngoi and Pham Viet Nga
27	1976	DCT - 1 . sensor assembly research report	Nguyen Tu Anh
28	1977	Testing the μ KC-50 in pyrite mine Giap Lai - Thanh Son - Vinh Phu	Dao Trong Hau
29	1977	Announcement on experimental study of station B C - 63 in Na Rua - Cao Bang	Nguyen Quang Huy
30	1977	Measurement results of the diffusion and absorption potential of lava in the laboratory	Le Kim Phan
31	1977	Summary report on application of absorption method neutrons in determining the content of elements B, Cd, Li, Hg	Nguyen Ngoc Chan
32	1977	Report on the method of calculating terrain correction.	Nguyen Tan Chien
33	1977	Report some test results of electronic apparatus measuring apparent resistivity - KC -50.	Dao Trong Hau
34	1977	Method of analyzing constant current depth curve by	Le Viet Du

		electronic computer	Khuong
35	1977	Studying the statistical dependence of the inductance on the ferromagnetic content of the cast.	Tran Minh Hanh
36	1977	Experimental results of magnetic and electrical geophysical methods in bauxite mines - Lang Son.	Cu Xuan Thuan
37	1977	Some results of geophysical research on Sinh Quyen copper mineral.	Nguyen An
38	1977	Report on anomalous nature positive electric field Quy Xa Iron Mine - Bao Ha Yen Bai.	Nguyen An
39	1977	Report on the results of research on synthesis of physical parameters of iron minerals in northern Vietnam.	Nguyen Ba Ngan
40	1977	Report map from normal school Zo, To northern Vietnam.	Nguyen San
41	1977	Geophysical report on surveying works in Ba Vi area - Ha Tay.	Tran Khac Hai
42	1977	Geophysical report on surveying works on Pha Lai-Bieu Nghi canal.	Tran Khac Hai
43	1977	Geophysical report on surveying the work of Ke Son dam Luong Son Hoa Binh.	Luong Duyen Luu
44	1977	Geophysical report on survey of Thac Chay dam - Phu Luong - Bac Thai.	Luong Boi Luu
45	1977	Geophysical report on surveying Minh Ly - Dong Hy - Bac Thai dam project.	Luong Duyen Luu
46	1977	Geophysical report on surveying works of Son Tay artillery officer school.	Luong Boi Luu
47	1977	Report on finding faults in mineral water reservoirs by electrical exploration method of the Mac citadel - Cam Pha.	Hoang Dung
48	1977	Report on finding water and fault in Dai Bo area - Chi Linh - Hai Duong.	Hoang Dung
49	1977	Report on search of water and Bac Ma - East fault Dynasty.	Hoang Dung
50	1976	Report has experiment to find unexploded bombs by geophysical method.	Tran Van Moc
51	1977	Report on the block structure of North Vietnam.	Dao Xuan Duong
52	1976	Opinions on conducting marine geophysical work in the Gulf of Tonkin.	Dao Trong Han
53	1976	Report on some programs for analyzing seismic data 1972 - 1973.	Cao Kim Anh
54	1976	Report flight results check map from aeronautics the	Nguyen Xuan

		South in 1976.	Son
55	1977	Report on survey results of coal storage prospect by geophysical method in Gia Luong cover area Thuan Thanh Ha Bac.	Bui Ngoc Hoang
56	1978	Report on testing method to cause polarization in Giap Lai Vinh Phu pyrite mine.	Pham Ngoc Te
57	1977	Report on testing polarization method - Don Bac Thai Market.	Pham Ngoc Te
58	1977	Power exploration report Linh Nham Bac Thai area.	Pham Ngoc Te
59	1978	Drill hole radio wave projector assembly report.	Nguyen tri Ly
60	1978	Report on survey results for anomalies from goods no DTa in the Northeast region of the North.	Many authors
61	1978	Report abnormal investigation results from aviation areas of Thieu Hoa, Thanh Chuong, ThuongXuan, Bang Don Kim Nham, Tam Bong My Duc provinces in zone 4.	Many authors
62	1978	Report on survey results to check for anomalies from DTa aviation in the Northwest region.	Many authors
63	1978	Summary report on experimental report on applying carota measurement to search for groundwater in Dinh Bia Doan 47 . area Ninh Binh.	Le Thanh Hai
64	1978	Report the results of the combined analysis of documents from and Southwest gravity Hanoi.	Nguyen San
65	1978	The report summarizing the survey results of anomalies from aviation on the map DTa 1:200,000 scale.	Nguyen San
66	1978	Report on the inspection of some anomalous routes from the region Nghia Hung Nam Dinh.	Nguyen Trong Hiep
67	1978	Report on detailed anomaly survey results Na Rua - Cao Bang.	Quach Kim Chu
68	1978	Report on research results law of electric current located at Ha Bac and Thanh Hoa stations.	Nguyen Van Cuong
69	1978	Anomaly inspection report from regional aviation Ngoc Lac Thanh Hoa.	Nguyen Van Trac
70	1978	Geophysics report search for iron and coal Lang Tinh - Van Ban -Yen Bai.	Nguyen Ba Vinh
71	1975	Report on production and testing of Cam Pha coal gravity exploration.	Nguyen Văn Thuy
72	1978	Survey report of Phong Lang Son market cement factory by electric detection method.	Vu Ngoc Tien
73	1978	Report on experimental results seismic refraction Tam Luong Lang Son bauxite mine site.	Vu Ngoc Tien
74	1977	Research report on assembly of g-ray intensity meter	Nguyen Thi

		portable style.	Minh ngoc
75	1977	Report on survey results from the aviation industry scale 1/25000 in the eastern region of Ha Tinh	Nguyen Xuan Son
76	1978	Search report for peripheral atbét stream Can by geophysical method.	Mai The Nhu
77	1976	Geophysical report on surveying works at Song Da hydropower plant.	Luong Boi Luu
78	1979	Report on sulfur ore search in Muong Trai, Phi Toong, Chieng Sang It Ong, Muong La - Son La.	Nguyen Duc Tho
79	1976	Report on search results of iron, lead and zinc ores by magnetic geophysical methods, electricity in Ban Quan area - Pu O - Cho Don - Bac Thai.	Nguyen Xuan Thuy, Trinh Van Nhuong
80	1978	Report on the method of determining the resistivity of lava samples by resonance frame.	Nguyen Kien
81	1978	Report on the initial results of the study of physical parameters in the Quang Ninh Nga Hai mine area.	Nguyen Kien
82	1976	Report on the search results for serpentinite by word method of Thuong Ha Yen Bai mine area.	Nguyen Văn Hao
83	1982	Report on the results of the synthesis of geophysical documents along the coast Hong river.	Nguyen Ba Vinh
84	1982	Geophysical report on bauxite search in Y Tien - Lang Son.	Nguyen Thien Canh
85	1982	Report on assessment results of iron ore sites in Lang Nhuoc, Kien Lao, along the right bank of the Red River, by geophysical method.	Nguyen Ba Vinh
86	1983	Report on experimental results using Toran system for aerial survey on the coast of Thai Binh - Ha Nam Ninh	Nguyen Xuan Son
87	1983	Report on the results of mineral search by a combination of geophysical methods in the Kim Boi area, Hoa Binh.	Nguyen Van Trac
88	1983	Report on the results of the construction of the aggregate norm of provisional estimated unit prices for geophysical measurements plane.	Phung Ba Thuong
89	1984	Report on manufacturing and testing of standard samples and radioactive test samples.	Nguyen Ngoc Chau
90	1984	Report on geophysical and geological search at the scale of 1/25000 Sa Pa Hoang Lien Son region.	Dieu Van Van
91	1984	Research report applying step-by-step nuclear analysis methods to determine the absolute age of a place substances in Vietnam.	Duong Ba Cuong
92	1984	Report on the survey results of the Central Highlands and opinions on the research task of the combination of	Le Vinh Hong

		geological methods locating water in the basalt mantle.	
93	1984	Report the results of the search outside Sinh Quyen mine Bat Xat Lao Cai by geophysical method.	Pham Ngoc Te
94	1984	Report on the results of geophysical search in Bat Xat area Lao Cai.	Pham Ngoc Te
95		Report anomaly inspection results from regional aircraft Thieu Hoa Thanh Hoa.	Nguyen van Ngau
96	1984	Report on measuring and drawing scale area gravity 1/500.000 the southern part of Vietnam.	Nguyen Ngoc Le
97	1984	Survey report on automobile radiation in the South of Vietnam at the rate of 1:500,000.	Ngo Minh An
98	1984	Report on the results of synthesis of physical parameters of rocks and ores in the right bank of the Red River.	Nguyen Kiem
99	1984	Report on the results of geological analysis of the map from the DTa anomalous field 1 / 200,000 Northern Vietnam.	Nguyen Xuan Son
100	1984	Report the results of the experiment using a combination of CANADA aircraft at the scale of 1/50. 000	Nguyen Xuan Son
101	1985	Research on the use of NOKIA and . multi-channel spectrometers Design and manufacture projection system, power protection system Notoron Am 241-Be.	Nguyen Ngoc Chau
102	1985	Report the results of additional measurement of gravity at the scale of 1:500,000 Northern Vietnam.	Dieu Van Van
103	1986	Aeronautical Anomaly Inspection Report by Ground Magnetic Measurement and Electrospectral Depth Measurement 1/50,000 Tay Ninh Dau Tieng area.	Nguyen Dinh Lam
104	1986	Report on geophysical exploration of hot water area Hoi Van Phu Cat Nghia Binh 1/25.000.	Le Vinh Hong
105	1986	Report on research results on geomagnetic characteristics of Vietnam.	Nguyen San
106	1986	Report on research, design and test project Universal nuclear electromagnetic machine in geological exploration.	Nguyen Tri Ly
107	1986	Report on research and manufacture of electric probes.	Nguyen Tu Anh
108	1986	Summary report on geophysical surveying in Ba Vi, Thanh Thuy, Ha Tuyen, Yen Bai, Kim Boi - Hoa Binh regions.	Nguyen Xuan Son
109	1986	The summary report establishes principles for selecting physical anomalies when studying regional geology.	Nguyen Thien Giao
110	1986	Summary report on the establishment of gravity maps	Nguyen Thien

		from Vietnam's aviation at the scale of 1:500,000.	Giao
111	1986	Final report on the topic of perfecting the method system searching for Vietnamese original tin ore for Tam Dao area.	Nguyen Duc Trach
112	1986	Report on test results of radio wave projection method at Nam Dong pyrite mine Thua Thien Hue.	Nguyen Kim Thoa
113	1987	Report on research results on physical properties of rocks and ores in the territory of Vietnam.	Nguyen Khai
114	1987	Gravity test report on the bottom of Cua Luc bay Hon Gai.	Nguyen Doanh Soan
115	1987	Regulations on the use and maintenance of geophysical machine complexes CANADA aviation and ancillary equipment.	Nguyen Xuan Son
116	1987	Report on survey results of some geophysical parameters Multi-spectral aerospace images for research regional geology.	Nguyen Tai Thinh
117	1987	Research report on the dependence of the inductance of rocks and ores on the earth's magnetization field in the latitude region short.	Nguyen Khai
118	1988	VITIGESKA DC probe industry standard.	Nguyen Van Ly
119	1988	Report on the results of geostructural research Nong Son coal tank foundation by method gravitation.	Ha Quoc Hung
120	1988	Report on the results of network establishment from aviation Vietnam in 1985 rate 1/200.000.	Nguyen Thien Giao
121	1988	Research report on exploiting using analyzer 2048 channel amplitude and APPLEII microcomputer for geological sample collection.	Han Ngoc Cuong
122	1988	Use report of the MICROTRON MT -17 . accelerator and Triga IVV-9 reactor for activation analysis and determine the age of geological samples.	Le Van Vuong
123	1988	Report on results of regional aviation geophysical measurements Quy Nhon rate 1/25,000.	Quach Van Thuc
124	1988	Report on electrical method application, from VLF draw geological maps and search for sulfur deposits	Pham Tien Thuan
125	1989	Blasting machine industry standard.	Nguyen Tri Ly
126	1989	Report on research results applying the method Radionuclides contribute to the search for minerals Non-radioactive in Vietnam.	Nguyen Ba Ngan
127	1989	Detailed abnormal test results report aeronautical geophysics in the Quang Nam-Da Nang region.	Nguyen Dinh Dat
128	1989	The final report on the topic gradually improves the methods Geophysical method to search for sulfur ore in	Pham Khanh Hoi

		Vietnam.	
129	1989	Report the results of detailed inspection of local anomalies aircraft physics in Xuan Lanh region.	Le Huy Y
130	1989	Report detailed inspection results of regular addresses aeronautical physics in Song Cau, Van Canh, Phu Khanh.	Nguyen Quang Huy
131	1990	Summary report on the application of research methods Geophysical methods contribute to the search for original tin ore Quy Hop Quy Chau Nghe An area.	Nguyen Tran Tan
132	1990	Summary report on the topic of geological interpretation of magnetic materials and gravity at the rate of 1:500,000 along the Rach Gia -Da route Lat - Quy Nhon.	Tang Muoi
133	1990	Summary report on the application of a number of methods underground geophysics in search of mineral exploration product.	Nguyen Kim Thoa
134	1990	Proton Magnetic Machine Verification Process	Nguyen Tri Ly
135	1990	Single-channel gamma spectrum analyzer, test procedure	Nguyen Tri Ly
136	1990	Radiation intensity meter, testing process.	Nguyen Tri Ly
137	1990	Report on the industry standard geophysical machine testing procedures on machines: DC probes, M 27 magnetic machines, M 27M magnetic machines, Hemlhon standard rings.	Nguyen Tri Ly
138	1990	Report on construction results of testing room for geophysical measuring machine.	Nguyen Tri Ly
139	1990	The final report on the topic synthesizes existing documents to establish a network and combine reasonable geophysical methods for searching endogenous pyrite ores in Vietnam.	Nguyen Tai Thinh
140	1990	Research report applying magnetic exploration method in combination with other geophysical methods to search for weak magnetic ore.	Nguyen Thanh Giang
141	1991	Report on research results and application of radionuclide methods to determine the content of radioactive elements in mineral water sources in Vietnam.	Nguyen Ba Ngan
142	1991	Report on application of combination of nuclear geophysical methods to analyze geological samples for elements Ag, Sb, As, Mo, Nb, Ta, TR, Li, Be, F.	Tran Minh Duc
143	1991	Report on setting up a picnic analysis station to analyze geological samples by nuclear method.	Le Ba Vuong

144	1991	Report on the results of gravity measurement at 1:50,000 scale for geological mapping of Hoa Binh - Cam Thuy area.	Le Thanh Hai
145	1991	Detailed inspection report of geophysical anomalies Airline in Thanh My - Phuoc Hao - Quang Nam - Da Nang.	Nguyen Quang Huy
146	1992	Summary report of Ham Thuan marine geophysical measurement test.	Tang Muoi
147	1992	Summary report on measuring and drawing gravity at scale of 1/50,000 area Lang Dong Ke Dong Van Quy Hop Floor.	Nguyen Tai Thinh
148	1992	Research report on the application of local methods physics to search for placer ore Ilmecoso - Au coastal Ky Anh Ha Tinh.	Nguyen Tran Tan
149	1992	Report the results of detailed inspection of local anomalies aeronautical physics in Son Hoa, Tay Son, Tuy An regions.	Nguyen Quang Huy
150	1992	Technical process for ground inspection of geomorphological anomalies aircraft management scale 1/25,000, 1/50,000 in geological investigation and search for minerals.	Pham Khanh Hoi
151	1993	Industry standard excitation polarimeter, transfer field meter, polarimeter.	Nguyen Tri Ly
152	1993	Proton PM-2 magnetometer industry standard (66. TCN 48-92) gamma spectrum analyzer GA-12 (66TCN - 49-92).	Nguyen Tri Ly
153	1993	Summary report on expanding the capabilities of the Geophysical Machine Testing Department.	Nguyen Tri Ly
154	1993	Report on the results of detailed inspection of aviation anomalies in the areas of Quang Nam - Da Nang - Quy Nhon - Da Lat.	Quach Kim Chu
155	1993	Report the results of measuring and drawing gravity at the scale of 1:50,000 geological mapping service for mineral search Bac Quang Vinh Tuy.	Le Thanh Hai
156	1994	Report on the results of gravity measurement in Van Yen Son La area.	Le Thanh Hai
157	1994	Report the survey results from the firm at the rate of 1/200,000 in the southern provinces.	Nguyen Xuan Son
158	1994	Report on the results of detailed geophysical inspection of goods no area west of Thanh Hoa	Quach Kim Chu
159	1994	Report on the establishment of a map of the natural radioactive field Vietnam rate 1:500,000.	Nguyen Tai Thinh

160	1995	Summary report on the topic of combined application experiment terrestrial geophysical methods for determining total mineralization of ground water.	Pham Khanh Hoi
161	1995	Report on flight results of gamma spectrum measurement in Da Lat area.	Pham Tien Thuan
162	1995	Report on the results of the 1:50,000 scale gravimetric measurement for geological mapping and mineral search in Phan Thiet.	Le Thanh Hai
163	1995	Report the results of detailed inspection of anomalous clusters aeronautical geophysics at Kim Thuong, Bo Gieng in Bay Van Yen area.	Nguyen Xuan Son
164	1995	Report the results fly measured from the gamma spectrum at the rate of 1/25,000 and 1/50,000 in Ba Na - Hoi An area.	Nguyen Xuan Son
165	1995	Report results fly measured from 1/25,000 gamma spectrum Tuy Hoa area	Vu Thanh Quynh
166	1995	Report on results gravimetric measurement for geological mapping and mineral search in Hue group.	Nguyen Duy Tieu
167	1995	Report the results - fly measured from the gamma spectrum in Rao Nay- Nghe An area.	Nguyen Xuan Son
168	1995	Report create a map from Vietnam aviation	Tang Muoi
169	1995	Result report - 1/50,000 scale gravity measurement for geological mapping and mineral search of the Mang Xim sheet group.	Le Thanh Hai
170	1995	Summary report measuring and drawing gravity in Rao Nay area Hoanh Son scale 1/100,000, 1/50,000	Nguyen trong Hiep
171	1996	Report on results - measuring and drawing gravity for geological mapping and mineral search of Huong Hoa group at the scale of 1:50,000	Nguyen Duy Tieu
172	1996	Report results fly measured from 1/50,000 gamma spectrum Hue region.	Vu Thanh Quynh
173	1996	Report the results examine in detail the anomalies of the aviation gamma spectrum in the Huong Phuc Huong Hoa region (Hue flight area).	Vu Thanh Quynh
174		Result report detailed inspection of aeronautical gamma spectrum anomalies in the Dong Ngang Huong Tra (Hue flight area).	
175	1996	Report the results fly measured from the gamma spectrum in the Mang Xim area of Quang Ngai at the rate of 1/50,000	Nguyen Xuan Son
176		Report the results fly measured from the gamma spectrum in Dac To area at the scale of 1/50,000	Nguyen Xuan Son

177	1996	Report results detailed examination of local anomalies aeronautical physics in Ngoc Non region - Duc Nong - Dakmon	Nguyen Xuan Son
178	1996	Report on results measuring and drawing gravity of Dak Poco area for geological mapping and mineral search in Daklei Kham Duc sheet group, scale 1:50,000	Le Thanh Hai
179	1996	Reporting results - measuring and drawing gravity for the preparation work geological map and mineral search of DakTo sheet group 1/50.000	Quach Kim Chu
180	1997	Reporting results - measuring and drawing gravity for the preparation work geological map and mineral search of Quang Ngai sheet group 1/50.000	Nguyen Khuong Hoat
181	1997	Report on construction results of calibration room recognition of geophysical meter	Nguyen Tri Ly
182	1998	Report the results fly measured from the gamma spectrum in the East Kon Tum region	Pham Tien Thuan
183		Check for unusual details	
184		Gravity drawing	
185		Test measurement GPS 4600	
186	1998	Report on results survey of flight conditions magnetic spectrum gamma region Son La - Lai Chau	Quach Van Thuc
187		Report the results measuring and drawing gravity at scale of 1/100,000 and 1/50,000 of Ba To area	
188	1964	Electricity depth measurement report in Son Duong mine area	Pham Trong Vinh
189	1965	Report on experimental results in Khe Cham area - Khe Tam	Dang Van Than
190		Final report geophysical work in Phan Me region - Bac Thai	
191	1986	Summary report on program development documents and document processing algorithm, gravitation	Cao Kim Anh
192		Summary report on research on mathematical methods of document processing on analytical electronic computers geophysical documents serving geology	
193	1991	Summary report on building a library of programs for processing and analyzing geophysical documents that have been exploited with useful internal programs	Vu Thu Huong
194		Summary report of the electric depth measurement experiment in the pile area 6	
195	1979	Prospect of Uranium ore in Vinh Phu pegmatite field	Nguyen Ba Ngan

196	1983	Report on fabrication of natural radioactivity model for nuclear geophysics	Nguyen Duc Tho
197	1984	Project summary report 50-01-01-03	Le Van Vuong
198	1986	Use the kernel method for quick analysis geological ore samples, engineering geology to meet the needs of geological bridge	Le Van Vuong
199	183	Production experiment using vectors to find Uran	Le Van Vuong
200	1977	Determination of electrical conductivity of Van Coc Dan Tieu Ha Bac area	Pham Ngoc Te
201	1976	Research report on the improvement and assembly of the disassembled Karota station	Nguyen Tu Anh
202	1971	Report on results geophysical geophysical survey usually from the air Nghia Dan Phu Loi Nghe An area	Nguyen Van Ngau and Nguyen Van Tru
203	1977	Report on the method of measuring radioactive samples in the laboratory	Le Van Vuong and Duong Van Ta
204	1976	Report the initial results of the experiment to measure the magnetic variation to determine the nature of the anomaly from	Pham Tien Thuan
205		Some aspects of the study of variable magnetic fields in mine geology and the magnetic telua method	
206		Situation and development trend of geophysical work airplanes of countries around the world	
207		Map of Thach Khe iron mine Ha Tinh	
208		Map of endogenous mineralization intensity of North Vietnam.	
209	1976	Applied Research analyzer An-128-2	Le Van Vuong
210		Report the results of bauxite analysis by Neutron activation method	
211	1970	Report on results - aircraft geophysical work in the past time and specific mission directions in the coming time	Nguyen Quang Quy; Nguyen Thanh Chau and Mai Xuan Tuan
212	1978	Drill hole radio wave projector assembly report	Nguyen Tri Ly
213	1977	Report on electricity exploration in Linh Nham Bac Thai area	Pham Ngoc Te
214	1977	Report on assembly of borehole inductance meter	Nguyen Tri Ly
215	1979	Research report on the characteristics of the polarizing effect	Nguyen An and Tran Trong Thinh

216		Report of results synthesis of magnetic geophysical data, gravity in Hanoi, Hoa Binh region	
217	1977	Report on Mathematical Methods in Revision and Analysis word accumulation, gravity	Nguyen Tan Thien
218	1960	Report the results of synthesis of ore physical parameters no metal North Vietnam	Nguyen Ba Ngan and the author team
219	1982	Result Report anomaly inspection drill from Nghia Hung Ha Nam Ninh area	Dang Van Bao
220	1980	Report on research results applying the method transfer field to find conductive and magnetic ores equal to MPP3 apparatus and universal machine	Nguyen Tran Tan
221		Drawing of the magnetic field of IVANHICOP	
222	1990	Report on the results of geothermal data collection in Vietnam and initially analyze and assess the potential of the heat and the distribution of heat sources	Le Vinh Hong
223	1998	Report on the results of measuring gravity on 2 routes in the Nui Chua Bac Thai 1:50,000	Nguyen Trong Hiep
224	1991	Aeronautical geophysics _Anomaly 3A, No. Data 3A, Data 3B (Da Lat, Phan Thiet, Rao Nay, Thanh Hoa, Van Yen, Gia Hoi, Thiet Son)	
224		Report on selection and inspection planning details aircraft geophysical anomalies over 2 regions Nong Son and Quang Nam Da Nang	
225		Report of detailed anomaly survey results from Ga Lang region	
226		Report on the results of measuring and drawing gravity 1/50,000 in Luc Yen Chau area	
227	1998	Report on the results of measuring and drawing gravity 1/500 of the Ma river area for geological mapping and surveying Son La group	Lai Manh Giau and the author team
228	1995	Report on the results of renovation and repair of ACG-71C . aviation machine	Nguyen Tien Thuan
229		Report information on test results of DBD-1 and TBF-1 Sin Quyen Lao Cai and Giap Lai regions	
230		Field method test results report shifting the search and exploration of pyrite ore in Nhan Nhuong and Giap Lai. (Additional report on level topic) Government)	
231		Stratigraphic column measuring Carota	
232		Report on the results of the carota measurement carried out in the year 1998.	

233	1976	Report on assembly research Proton magnetic machine Tp-74	Nguyen Tri Ly
234		Summary: Flight documents - Gravity documents before the year 2000	
235	2000	Report the results of detailed inspection of anomalous clusters aircraft geophysics in the areas of Ban Tang-Phu Yen, Lang Ram- Quang Ngai, Song Giang - Quang Nam	To Van Hoa
236	2000	Digitize and store geophysical primitives on CD-Rom	Nguyen Khuong Hoat
237	2001	Report results fly measured from the gamma spectrum at the scale of 1/50,000 and measuring and plotting gravity at the scale of 1/10,000 in Kon Tum area	Nguyen Xuan Son
238	2002	General report on analysis of geophysical documents to identify and evaluate endogenous minerals in the areas of Da Lat, Phan Thiet, Rao Nay, Thanh Hoa, and Van Yen	Nguyen The Hung
239	2002	Report: "Adding and perfecting technical regulations on geophysical gravity exploration methods of boreholes, technological processes for measuring mercury vapor and Radon"	Nguyen Tai Thinh
239	2003	Topic: "Experimental research to build regulations" technology for processing, analyzing and synthesizing documents geophysics and remote sensing images for the purpose of geological and mineral investigations"	Nguyen Tai Thinh
240	2004	Project: "Improving technology application capacity" information in geological-mineral investigations"	Tran Hong Hai
241	2005	Result Report"Checking and examining in detail anomalous bands from Cao Bang-That Khe area to search for iron ore detection"	Nguyen Duy Tieu
242	4/2006	Report on development of industry standards (TCN) mercury vapor meter test	
243	9/2006	Project: "Flight measuring from aeronautical gamma spectrum to scale 1/50,000 and measuring and drawing gravity 1/100,000 in Phan Rang - Nha Trang area"	Quach Van Thuc
244	2006	Report results: "Investigation and assessment of groundwater in 5 key areas of Cao Bang province	Vu Sy Ngoc
245	2007	Subject: 04-DC-06: "Establishment of a program for balancing quasi-gravity and ground-based networks: processing and managing field measurement data, gravity and magnetic data, and the correction of geospatial effects." picture at work	Chu Quoc Khanh

		measuring gravity". Code 04-DC-06	
246	2008	Report: "Editing Vietnam's radioactive map with scale 1: 1,000. 000 national radiation map.	La Thanh Long
247	2008	Report: "Moving unused radioactive samples of units to Tan Vinh-Luong Son-Hoa Binh"	Ho Hai
247	2008 -2009	Science and technology topic: "Application of methods Georada method in geological hazard investigation find underground water and metal minerals"	Nguyen Duy Tieu
248	2009	Project: "Checking, checking in detail the magnetic anomaly band aviation in Thuong Giap region, Tuyen Quang province"	Lai Manh Giau
249	2009	Evaluation of magnesite potential in West Kong Queng area, Konchro district, Gia Lai province	Nguyen Quang Manh
250	1/2011	Project: "Investigation and assessment of titanizircon placer potential in red sand layer in Ninh Thuan, Binh Thuan and North Ba Ria-Vung Tau"	Tran Van Thao
251	2/2011	Report on the results of the scientific research project Study of technology: "Synthesis study, assess the current situation and propose orientations for aviation geophysical work in Vietnam in the period 2010 -2020"	Nguyen Duy Tieu
252	4/2011	Technology project: "Research and build a common standard system of regional geophysical databases in units of the Ministry of Natural Resources and Environment". Subject: 04-ĐC-09	Chu Quoc Khanh
253	7/2011	Subject: "Research and manufacture source of seismic method to determine geological structure to a depth of 400m in Vietnam's sea area". Project 02-DC-09	Nguyen Tran Tan
254		Sea reports Phan Ri- Phan Thiet	
255	8/2011	Report the results: "Investigation and assessment of water sources underground at detailed investigation areas Yen Bai Province".	Duong Van Khanh
256	2011	Topic: "TNMT.03.06/HĐKHCN Editing, Completing Edited to publish Vietnam gravity field mapscale 1:50.000 (land part)".	Lai Manh Giau
257	2011	Project: "Geological mapping and investigation Mineral the rate of 1:50,000 sheet group Tan Bien	
258	2011	Subject: "Research to improve treatment quality, display results of detailed investigation of radioactive environment".	La Thanh Long
259	2012	Science and technology topic: "Research on scientific basis to develop national technical regulations for	Kieu Chung Thuy

		aircraft geophysics"	
259	2013	Subject: "Study on scientific basis to identify areas with natural irradiation potentially harmful to humans for detailed survey and evaluation". Code:TNMT.03.19	Tran Anh Tuan
260	2014	Subject: "Research and develop a process to evaluate the prospect of metallic minerals (Iron, lead, copper, zinc...) in depth by a combination of modern geophysical methods. Pressure used experimentally on 3 clusters of magnetic and gravity geophysical anomalies. Code: TNMT 03.26	Nguyen Van Suu
261	1/2015	Report: Pre-determining using information data and mineral assessment results of the state lead zinc mine in Nong Tien-Nui Dom area, Nong Tien ward and Trang Da commune, Tuyen Quang city, province Tuyen Quang".	Nguyen Van Binh
262	6/2015	Science and technology topic: "Research and manufacture electrical meters, road and magnetic radiation in service of investigation and exploration mineral" Code: TNMT.03.20	Pham Quoc Phon
263	8/2015	Project: "Flying from the Gamma spectrum at the scale of 1:50,000 and measuring the gravity at the scale of 1:100,000 in the South Pleiku region"	Nguyen Truong Luu
264	9/2015	Project: "Establishing natural radiation background map Vietnam scale 1:1,000. 000".	Tran Anh Tuan
265	2015	Project information report: "Overall investigation and assessment potential Magnesite, Dolomite, Wolastonite in the western Soro region, Kon Chro district, Gia Lai province.	Duong Van Khanh
266	2015	Report: The result of determining the value of money using the number data, information about the results of mineral exploration of state, Co Kenh coal mine, Chi Linh town, Hai Duong province.	Nguyen Xuan Dong
267	4/2016	Report: Results of determining money using data, information on the results of the state's mineral assessment, lead and zinc mines in Ban Bo area - Thai Hoc commune, Bao Lam District, Cao Bang Province.	Nguyen Van Son

Project information continues to be updated
